

CARPET SHAMPOO 631

Premium low foaming carpet and upholstery shampoo

CARPET SHAMPOO 631 cleans and freshens carpets and upholstery. Carpet Shampoo 631 conforms to AMS 1631A, Boeing D617487H and Douglas CSD # 1 standards and is ideal therefore for use on board aircraft.

ADVANTAGES

Aerospace industry approved formula.

Concentrated low foaming shampoo, which cleans, brightens and freshens up carpets and upholstery.

Does not affect flame retardancy determined per FAR 25.853.

Highly effective deep cleaning action.

Pleasant fragrance refreshes carpets.

Low foam action is ideal for wet extraction machines.

Non corrosive formula extends equipment lifetime.

TYPICAL APPLICATIONS

- Cleans carpets and upholstery aboard aircraft, ships and other modes of transport as well as offices and nursing homes.
- Spot cleaning of carpets and upholstery

APPLICATION INSTRUCTIONS

Machine Use:

1. Use through carpet extraction machine at a concentration of 1 part product to 20 parts water.
2. Apply, agitate and then suck away dirt and grime.
3. For optimum results, apply clean water and suck away all soap residues.

Manual Use:

1. Dilute at 1:20 with warm water into a bucket.
2. Absorb the solution into a sponge and wipe over the area to be cleaned. Avoid over wetting the fabric.
3. Allow to work for a few minutes.
4. Rinse sponge in clean water wring out and wipe away residues.

Always test an inconspicuous area for colour fastness prior to full-scale application. To aid drying, avoid over wetting of surfaces.
