

Deep Clean

Aircraft approved interior cleaner

DEEP CLEAN is designed to clean the interior surfaces of aircraft and complies with AMS 1550A. Deep Clean combines a deep cleaning action with a pleasant fragrance, cleaning and freshening in one operation.

C087

Advantages

- ▲ Removes dirt and grime from the interior surfaces of aircraft
- ▲ Concentrated
- ▲ Complies with AMS1550A
- ▲ Aircraft operators and manufacturers in the aerospace industry
- ▲ Economical in use
- ▲ Pleasantly fragranced

Typical applications

- ▲ Deep Clean has been developed specifically for cleaning interior hard surfaces found within aircraft
- ▲ Suitable for use by aircraft operators and manufacturers in the aircraft industry
- ▲ Deep Clean also provides all operators of passenger-carrying vehicles with a product tested and approved for regular use on sensitive plastics, metals and alloys

Application instructions

Dilute 1 part Deep Clean with up to 10 parts of water

Spray or sponge onto the area to be cleaned

Allow to penetrate then rinse off with clean water or wipe with clean damp sponge or cloth

Deep Clean

C087

Aircraft approved interior cleaner

Technical data

APPEARANCE	Liquid
COLOUR	Straw
ODOUR	Perfume scented
pH-VALUE, CONC. SOL.	12.30
FLAMMABILITY	Non-flammable
SHELF LIFE	4 years
COMMODITY CODE	34029090
PACK SIZES	20 litre

Health and safety, storage and precautions

Refer to Safety Data Sheet (available on request)

Accreditations & registrations

Complies with AMS1550 A
Weber Aircraft, Inc. USA
