

ECAD

Multi-surface cleaner and degreaser for offshore rig washing and onshore applications

ECAD is a versatile multi-surface cleaner and degreaser developed to meet the stringent requirements for offshore topside applications.

ECAD also has wide ranging applications as a degreaser and cleaner in onshore production and maintenance applications.

Advantages

- ▲ Ideal for use in pressure washers due to low odour and water soluble formula
- ▲ Highly concentrated with excellent dilution rates, reducing cost in use
- ▲ Can be used on sensitive materials such as aluminium and zinc plate due to non-caustic formula
- ▲ Rapid removal of heavy oils, greases, salt, bird droppings and grime
- ▲ Water dilutable – both salt and fresh water

Typical applications

Developed to be used for general onshore and offshore infrastructure cleaning including:

- ▲ Equipment cleaning – machines, plant and drilling equipment
- ▲ Superstructure – helipads, decks, stairs and walkways
- ▲ Offshore accommodation cleaning
- ▲ Marine vessels – cleaning of oil laden surfaces above and below deck

Application instructions

Apply by high pressure washer, low pressure washer, brush, mop or swab.

Allow short contact time, agitate surfaces as required and rinse with water.

For heavy deposits use 1:7 dilution with water.

For light deposits use 1:100 dilution with water.

C076

Multi-surface cleaner and degreaser for offshore rig washing and onshore applications

Technical data

ODOUR	Mild
pH-VALUE, CONC. SOL.	11 at 1% solution
FLAMMABILITY	Non-flammable
SHELF LIFE	4 years
COMMODITY CODE	34029090
PACK SIZE	20 litre

Limitations

For particularly heavy or hardened deposits of oil and grease use Universal Powerwash, Delta or HDD.

Health and safety, storage and precautions

Refer to Safety Data Sheet (available on request)
