

KR S2

CATERING SANITISER CONCENTRATE

Professional sanitiser for all kitchen and food contact areas, passing EN1276

KR S2 CATERING SANITISER is a premium detergent sanitiser for all food production surfaces and equipment. One step cleaning and sanitising, cuts through grease and dry food debris with minimum effort.

ADVANTAGES

Suitable for use on all food production surfaces and equipment.

Cuts through grease and dried food debris.

Biocidal action is effective against a wide range of bacteria, including E-coli.

Non perfumed, leaving strictly no taints or odour.

Broad spectrum biocidal action passes EN1276 in 30 seconds.

The ultimate in dilution control, reducing waste and providing exceptionally low cost in use.

Concentrated formula gives excellent cost in use.

1L provides 100 trigger doses.

1L hand dosing bottle.

2L dispenser dosing bottle

TYPICAL APPLICATIONS

- Developed for use in catering establishments, professional kitchens and for cleaning food contact surfaces and equipment.

APPLICATION INSTRUCTIONS

Equipment system

EQ423BKTYS bucket dispenser: 1 shot (20ml) per bucket for general cleaning, 2 shots (40ml) per bucket for heavy duty cleaning.
EQ423TRGYS trigger dispenser: Add 1 shot (10ml) per 500ml trigger spray to water.

KR S2 One litre concentrate

1 dose for a 500ml trigger, 2 doses per bucket for general cleaning, 3 doses per bucket for heavy duty cleaning.

1. Apply ready to use or diluted liquid directly to the surface by trigger spray, cloth or mop.
2. Allow to penetrate soiling, agitate and rinse with fresh water where required or wipe dry with a clean cloth.
