

KR7 Coffee Machine Cleaner & Descaler

C901

Cleans and descales all types of coffee machines, as well as kitchen appliances such as tea urns, dish and glass washers.

KR7 COFFEE MACHINE CLEANER & DESCALER
liquid formula is ideal for all types of coffee machines, it's wide range of applications and ease of use makes it the perfect choice for professional catering.

Advantages

- ▲ Cleans and removes coffee residue.
- ▲ Liquid provides counter top convenience.
- ▲ Ingredients are phosphate free.
- ▲ Use on glass bowls, air-pots, satellite brewers and thermal servers.

Typical applications

- ▲ Use on glass bowls, air-pots, satellite brewers and thermal servers.

General information

To scale prevent build up, descale every 6-8 weeks. After descaling, the surface scale revealed may be eroded. This is caused by normal wear and tear and in particular, the prolonged effect of the limescale, not the action of the descaler. Test a small area, where possible, before use. Heavily scaled items may require a repeat application.

Application instructions

Filter machines and percolators

Pour 100ml into reservoir and add 500ml of cold water.

Switch on machine for 1 minute, then switch off and leave overnight.

Boil the rest of the liquid through, then boil twice with fresh water before use.
