Trailerwash Autoshine

C352

Powerful heavy-duty traffic film remover and degreaser with built in shine additive

TRAILERWASH AUTOSHINE removes the heaviest traffic film, dirt, oils and insect debris from all vehicle exteriors and dries to an enhanced shine finish.
Highly concentrated, highly economical in use, with heavy duty cleaning performance.

Advantages

- Contains water and dirt repellent shine additive for enhanced finish.
- Concentrated formula offers excellent dilution rates and low cost in use.
- Powerful deep cleaning action is very effective in cleaning curtain sided vehicles, trucks, forklifts and refuse lorries.
- Versatile formula may also be used to clean cars and light commercial vehicles.
- Contains water softeners to remain effective even in very hard water areas.
- Powerful degreasing action makes Trailerwash Autoshine an exceptional chassis cleaner.

Typical applications

- Cleaning heavily soiled exteriors of tankers, lorries, transport containers, trailers, buses, vans, fork lifts, cars and taxis.
- Particularly effective for cleaning curtain-sided vehicles.
- Ideal as a pre-M.O.T. cleaner and chassis cleaner.
- Cleaning cranes, diggers, tractors and other plant equipment.
- Cleaning workshop floors.

Application instructions

Apply Trailerwash Autoshine via pressure washer or low-pressure sprayer to the side of the vehicle, starting at the base and working upwards.

Allow a short contact time, but do not allow to dry out on the surface.

Agitate surfaces with a soft brush where necessary.

Rinse thoroughly with clean water.

Trailerwash Autoshine may be applied with cold water, but optimum performance is achieved with hot water pressure washers.

Dilution rates will vary, depending upon the degree of soiling, however for transport applications dilution rates between 1:60 and 1:100 are recommended. For heavy degreasing dilute at 1:10 with water.
