

WYPIT

Waterless hand cleansing wipes

WYPIT are heavy-duty hand-cleaning wipes, provided in a convenient re-sealable tub.

Wypit are designed to remove oil grease and dirt from the hands in areas where washing facilities are not available and require no rinsing.

ADVANTAGES

Convenient re-sealable tub keeps wipes fresh and clean.

Remove heavy oils grease and dirt quickly and effectively.

Dual sided wipes provide scrub action for ingrained soiling and softer side to absorb dirt and grime.

Require no rinsing and so can be used where washing facilities are not available.

Prevent dryness and keep hands supple.

Pleasant citrus fragrance leaves hands fresh and clean.

TYPICAL APPLICATIONS

- Suitable for use in a wide range of industrial and commercial environments, particularly outdoors and where there may not be suitable facilities for hand washing readily available.
- Ideal for field workers in agricultural, civil engineering, construction and transport industries, local authorities and utility services.

APPLICATION INSTRUCTIONS

1. To prime the tub, remove lid and pull first sheet through centre hole and pull at a slight angle and replace the lid.
2. To wash hands, remove one wipe.
3. Use the rough side of the wipe to soften and loosen ingrained dirt.
4. Turn the wipe over and use the soft side to absorb dirt and oil.
5. Allow hands to dry.
