

BACTERICIDAL HYDROCLEAN

Biocidal hard surface cleaner

BACTERICIDAL HYDROCLEAN is a highly effective cleaner and grease remover containing a broad-spectrum biocide to clean and sanitise surfaces. Bactericidal Hydroclean is non caustic and therefore is ideal for application to sensitive galvanised and aluminium surfaces.

ADVANTAGES

- Highly effective in the removal of food residues and grease.
- Concentrated formula provides excellent dilution rates and low cost in use.
- Contains a broad-spectrum biocide.
- Passes EN 1276.
- Caustic free allowing application to sensitive galvanised surfaces and aluminium.
- Non-perfumed to reduce the risk of tainting food.
- Ideal for food preparation areas and surfaces.
- NSF approved. D2 Antimicrobial agent not always requiring a rinse.

TYPICAL APPLICATIONS

- Bactericidal Hydroclean is ideal for use in food preparation and storage areas to clean floors, walls, food preparation surfaces, machinery and equipment.
- Use also to clean and disinfect surfaces in areas where a high degree of surface sanitation is required, for example in canteens, washrooms, nursing homes, schools, hotels and leisure centres.
- May be used to clean and disinfect refuse bins, waste chutes and gullies.
- Bactericidal Hydroclean will also disinfect and deodorise scrubber dryers and wet vacs.

APPLICATION INSTRUCTIONS

For general purpose cleaning and disinfection the following dilution rates are recommended.

SOILING	DILUTION RATE
Light soiling	1:50
Medium soiling	1:30
Heavy soiling and grease	1:10

BACTERICIDAL HYDROCLEAN

Biocidal hard surface cleaner

Bactericidal Hydroclean may be applied by high or low-pressure sprayer, mop, swab or cloth. Apply diluted Bactericidal Hydroclean to the surface. Allow to penetrate soiling, agitate stubborn marks where required and rinse with clean water.

For optimum surface disinfection a minimum contact time of 5 minutes is required.

TECHNICAL DATA

APPEARANCE	Liquid
COLOUR	Straw
ODOUR	Unfragranced
RELATIVE DENSITY	1.065 @25°C
PH-VALUE, CONC. SOLUTION	12.5
SHELF LIFE	3 years
COMMODITY CODE	34029090
PACK SIZES	210Lt, 20Lt and 5Lt

HEALTH AND SAFETY, STORAGE AND PRECAUTIONS

Wear protective gloves, eye and face protection. Avoid spilling, skin and eye contact.

Store in tightly closed original container in a dry and cool place. Refer to Safety Data Sheet (available on request).

APPROVALS & REGISTRATIONS

➤ NSF Nonfood Compounds Registration Program: D2, Registration 160741

BACTERICIDAL EFFICACY

Tests conducted to EN1276 at a 1:50 dilution rate (5-minute contact) confirm that Bactericidal Hydroclean is effective in controlling the following bacteria:

Staphylococcus aureus
Pseudomonas aeruginosa
Escherichia coli
Enterococcus hirae

The values are typical of normal production and should not be taken as a specification.
