

HR9

RESOLVE

Absorbent powder to contain and remove organic wastes and spills.

HR9 RESOLVE is a specialist, powdered polymer that absorbs excess liquid from body fluids, urine or sickness to form a dry gel, which can be easily and safely cleaned away. Resolve also contains a fragrance, which masks unpleasant odours as it works.

ADVANTAGES

Will absorb 200 times it's volume in fluid

Absorbs urine, sickness and other body fluids rapidly and prevents spreading

Forms a dry gel, which can be safely cleaned up and contained for disposal

Fragrance deodorises and masks unpleasant odours

Conveniently packaged for ease of storage and use providing and instant solution for the comfort and safety of others

Re-sealable container keeps HR9 Resolve fresh and allows multiple use

Bacteriostatic (arrests the growth and multiplication of bacteria)

TYPICAL APPLICATIONS

- Designed to aid cleaning up body spills and wastes, deodorising, preventing spreading and to aid safe disposal.
- Ideal for use by emergency services, nursing homes, hospitals, pubs, taxis and buses.
- Also suitable for animal wastes in vets, kennels and catteries.

APPLICATION INSTRUCTIONS

1. Always wear gloves and suitable protective clothing when handling human wastes.
2. Sprinkle HR9 Resolve onto and around the spillage.
3. Allow 5 minutes contact time.
4. Shovel/sweep up into a suitable receptacle for safe disposal at the first available opportunity.
5. After initial clean up the area should be cleaned and sanitised as soon as it is practical to do so.
