

SUPERSOLVE CC

Premium heavy duty contact cleaner for critical surfaces

Supersolve CC is a fast evaporating contact cleaner, designed to rapidly remove and flush away oil, grease, carbon deposits and flux from electrical and mechanical components. Exceptional degreasing action and fast drying ensures that down time during service and repair is kept to a minimum. Compatible with electric and electronic components and insulators.

ADVANTAGES

No residue

Will not damage sensitive equipment

Fast evaporation

Low odour

TYPICAL APPLICATIONS

- For cleaning electrical/electronic instruments, assemblies, components, connectors and wiring

APPLICATION INSTRUCTIONS

Manual cleaning

1. Switch off and isolate from power supply prior to cleaning electrical equipment
2. Allow hot components to cool before application
3. Shake can well
4. Spray onto components to flush away any soiling
5. Allow to air dry
6. Ensure electrical components have dried fully before reconnecting to electrical supply

SUPERSOLVE CC

Premium heavy duty contact cleaner for critical surfaces

TECHNICAL DATA

ODOUR	Low
SOLUBILITY	Insoluble in water
PACK SIZE	300ml aerosol

STORAGE PRECAUTIONS

Store at temperatures between 4 and 40°C in a dry, well ventilated area.

HEALTH & SAFETY PRECAUTIONS

Refer to Safety Datasheet (available on request)

ACCREDITATIONS & REGISTRATIONS
