

LOTOXANE® WIPES

C043

Convenient and versatile degreasing wipes impregnated with Lotoxane®

LOTOXANE® is a high-quality solvent degreaser that offers professional users a versatile, safe alternative to more hazardous products. Available in a convenient low lint impregnated wipe, Lotoxane® is widely approved by major OEMs for production and maintenance cleaning.

Advantages

- ▲ Low odour
- ▲ Reduced hazard to user
- ▲ Helps in reducing VOCs'
- ▲ Non-flammable
- ▲ Wipes format reduces risk of spillage
- ▲ Also available in refill bags to reduce plastic waste
- ▲ Avoids cross contamination from rags or dry wipes
- ▲ Consistent wipe dosing every time
- ▲ Removes the need for decanting of liquids on site

Typical applications

- ▲ Wipe degreasing of general surfaces, components and tools.
- ▲ Wipe cleaning prior to painting, bonding and removal of protective coatings.
- ▲ Pre-cleaning prior to NDT or inspection

Application instructions

Manual cleaning

Wipe over surface to remove oil and grease residues and allow to air dry.

NDT-Stage 1, and critical cleaning

1. Withdraw one wipe and reseal container.
2. Wipe the area, refolding after each pass to expose uncontaminated cloth.
3. Repeat operations above until 3 consecutive passes show no visible contamination.
4. Allow to dry.
