

Superclean Low Foam

C330

Low foam premium ultra fast hard surface cleaner and degreaser

SUPERCLEAN LOW FOAM is a powerful, versatile non-caustic multi surface cleaner and degreaser ideally suited for use in scrubber dryers and wet extraction machines.

Advantages

- ▲ Heavy duty cleaner suitable for use on most wipe-able surfaces, floors, walls, tiles and vinyl.
- ▲ Non-caustic formula minimises damage to soft metals such as aluminium and galvanised surfaces.
- ▲ Contains grease-busting emulsifiers for rapid penetration and removal of oil and grease deposits.
- ▲ Removes body fat and soap scum from showers, baths and pool areas.
- ▲ Low foam action is ideal for use in scrubber dryers and wet extraction machines.
- ▲ Versatile degreaser can be used for machinery, plant and equipment.
- ▲ Unperfumed so can be used in food processing areas.
- ▲ Non-irritant formula- low hazard in use.

Typical applications

- ▲ Suitable for use in commercial, institutional and leisure establishments for cleaning floors, walls, washrooms and other hard surfaces.
- ▲ Ideal for use in scrubber dryers and wet extraction machines.
- ▲ Prevents foam build up in waste tanks; excessive formulation of suds on the floors and resists streaking of floors.
- ▲ Low odour allows application in food processing and preparation areas.
- ▲ Contains mild solvents to aid penetration and removal of stubborn deposits such as rubber scuffs and skid marks.

Application instructions

Apply via hand sprayer, mop, cloth or sponge. Allow short contact time, agitate surfaces as required and rinse with water.

For heavy deposits apply at 1:10 dilution with water. For light deposits apply at up to 1:100.

Can also be applied via hot or cold pressure washer. For scrubber dryers and wet extraction machines, dilute at between 1:20 and 1:50, apply to the floor, agitate, rinse and suck dry.

Superclean Low Foam

C330

Low foam premium ultra fast hard surface cleaner and degreaser

Technical data

APPEARANCE	Yellow liquid
ODOUR	Mild
SOLUBILITY	Soluble in water
pH-VALUE, CONC. SOL.	<11.5
PACK SIZES	5 litres 210 litres 1000 litres

Accreditations & registrations

UK Rail Approved Cat No: 007/500071 (20 Lt)

Health and safety, storage and precautions
