

# ODOURKILL

Highly effective cleaner and odour neutraliser with a wide range of applications

**ODOURKILL is a water soluble odour neutraliser, which uniquely masks foul and unpleasant odours rather than replacing them with a strong scent.**

## ADVANTAGES

Concentrated deodoriser and odour mask, which can be diluted for added economy.

Unique system with neutral odour absorbs odours rather than replacing them with strong scents.

Contains emulsifiers and surfactants so can be used to clean and deodorise.

Fast acting and long lasting performance.

## TYPICAL APPLICATIONS

- Odourkill is suitable for use in all areas and situations affected by unpleasant smells.
- May be used by farmers, institutions, manufacturing, public authorities, sewage treatment and waste processing authorities.
- Odourkill is used to eliminate malodours in factory effluent plants, refuse vehicles, skips, sludge/slurry tankers, waste chutes etc.

## APPLICATION INSTRUCTIONS

- Aerial Fogging: Dilute at least 1:50 before use and apply via fogging equipment.
- Spray Treatment of Skips, Waste Chutes etc.: Dilute as above and apply via trigger-spray or pumpup sprayer.
- Effluent Treatment: Dose at 0.25 – 0.5 litres of a 1:50 solution of Odourkill per 1000m<sup>3</sup> of effluent.
- Sludge Deodorising: Dose Odourkill at between 0.1% and 0.5% directly into the polyelectrolyte premix.

# ODOURKILL

Highly effective cleaner and odour neutraliser with a wide range of applications

## TECHNICAL DATA

APPEARANCE	Liquid with slight haze
COLOUR	Pale straw
RELATIVE DENSITY	1.0
pH-VALUE, DILUTED SOLUTION	7
PACK SIZE	5 litre

## PRECAUTIONS

Avoid spilling, skin and eye contact.

## STORAGE PRECAUTIONS

Store in tightly closed original container in a dry and cool place.

## HEALTH AND SAFETY

Health and Safety Data sheet available separately.
