

FPC WITH FOAM

A powerful high foaming detergent for food processing areas

FPC WITH FOAM is a heavy-duty, high alkaline foaming cleaner designed to remove food residues, fats, oils and carbonised deposits from food processing machinery, equipment and surfaces. High detergency and alkalinity ensures rapid penetration and removal of food deposits at economical dilution rates.

ADVANTAGES

Produces a dense clinging foam, providing increased contact time to vertical surfaces and enhanced cleaning.

Concentrated formula ensures rapid penetration of stubborn deposits and economical dilution rates.

Breaks down food residues, fats, protein and carbonised deposits.

Remains effective even in areas with exceptionally hard water.

Non perfumed.

TYPICAL APPLICATIONS

- FPC With Foam has wide ranging applications in all areas involved in food processing including slaughterhouses, canteens, warehousing and transportation.
- FPC With Foam is suitable for manual and foam application to food processing machinery and equipment as well as floors, walls and food preparation surfaces.

APPLICATION INSTRUCTIONS

For foam application dilute at up to 1:20 in water. May be diluted with hot or cold water though for optimum performance hot water is preferred.

Apply foam to surfaces ensuring complete coverage.

Allow a short contact time to penetrate and lift dirt.

Agitate stubborn deposits where required.

Rinse thoroughly with clean water.

Note: Strongly alkaline solutions may adversely affect aluminium and galvanised surfaces, ensure therefore that contact with these surfaces is prevented/minimised.

FPC WITH FOAM

A powerful high foaming detergent for food processing areas

TECHNICAL DATA

APPEARANCE	Liquid
COLOUR	Straw
ODOUR	Mild
PH-VALUE, CONC. SOLUTION	>13.0
COMMODITY CODE	34029090
SHELF LIFE	3 years
PACK SIZES	20 Litres

The values are typical of normal production and should not be taken as a specification.

PRECAUTIONS

Wear protective clothing, gloves, eye and face protection. Avoid spilling and contact with skin, eyes and clothing.

STORAGE PRECAUTIONS

Store in tightly sealed, original container at temperatures between 4°C and 40°C.

HEALTH AND SAFETY

Refer to Safety Data Sheet (available on request)
