

# QUAT FREE HARD SURFACE SANITISER RTU

Ready to use, multi surface sanitiser

**QUAT FREE HARD SURFACE SANITISER RTU is an effective hard surface cleaner containing a broad-spectrum biocide which is not a quaternary ammonium compound. With a non-caustic formula, Quat Free RTU is suitable for sensitive galvanised and aluminium surfaces.**

## ADVANTAGES

Does not contain a quaternary ammonium compound.

Passes EN1276.

Effective disinfection of hard surfaces.

Caustic free allowing application to sensitive galvanised surfaces and aluminium.

Non-perfumed to reduce the risk of tainting food.

## TYPICAL APPLICATIONS

- Clean and disinfect surfaces in areas where a high degree of surface sanitation is required, for example in canteens, washrooms, nursing homes, schools, hotels and leisure centres.
- May be used to disinfect refuse bins, waste chutes and gullies.

## APPLICATION INSTRUCTIONS

Check surface compatibility before full scale use. For optimum results pre-clean surfaces before applying disinfectant. To be used undiluted and applied by spray, mop or cloth. Allow a 5 minute contact time, and wipe/ rinse with clean water.

## BACTERICIDAL EFFICACY

Tests conducted to EN1276 with a 5minute contact time confirm that Quat Free Hard Surface Sanitiser RTU is effective in controlling the following bacteria:

- Staphylococcus aureus
- Pseudomonas aeruginosa
- Escherichia coli
- Enterococcus hirae

# QUAT FREE HARD SURFACE SANITISER RTU

Ready to use, multi surface sanitiser

## TECHNICAL DATA

APPEARANCE	Clear Colourless Liquid
